VIP MAINTENANCE PLAN • YOUR ROUTE & WEATHER GUIDE

1 YOUR ASSIGNED ROUTE

ROUTE	VISIT WEEK & DAY	ARRIVAL WINDOW	FIRST VISIT DATE

Example: Route A • 1st Tuesday • 9:00 – 11:00 AM

2 HOW OUR ROUTES WORK

We're a mobile service, so instead of chasing appointments all over the valley, every area is served on the **same day, in the same weeks, every month**. That keeps your schedule predictable and means we spend our time detailing, not driving.

Same slot, every visit

Monthly plans: your visit lands on the same week and weekday each month (e.g. "the 1st Tuesday"). Bi-Monthly plans keep that same slot, every other month.

Your neighbourhood, one trip

We group vehicles by area. Each route runs twice a month, and you're assigned to one of those two days.

We bring everything

Our mobile setup carries its own water and power. Just have your vehicle parked and accessible at your service address during your arrival window.

3 FIND YOUR ROUTE

ROUTE & AREAS	WEEK 1	WEEK 2	WEEK 3	WEEK 4
A Erickson, Canyon & Lister	TUESDAY	–	TUESDAY	–
B Central Creston	THURSDAY	–	THURSDAY	–
C Wynndel & West Creston	–	WEDNESDAY	–	WEDNESDAY

Week 1–4 means the 1st, 2nd, 3rd and 4th occurrence of that weekday in the month. Maintenance plan visits are available within about **25 minutes of Creston**. **Not sure you're in range?** Call or text **(250) 402-9986** and we'll check.

4 WINTER & BAD-WEATHER PLAN

Winter Weather Buffer

From winter we book maintenance visits between **10:00 AM and 2:30 PM**, when temperatures peak. That keeps us off frozen morning roads and out of early-afternoon darkness.

Too Cold to Wash Outside?

In freezing weather a wet vehicle needs time to dry, not freeze. On those weeks you can switch to an **interior-only deep clean** at **30% off**, and your plan stays active.

Storms & Hard Freezes

If conditions are unsafe, we roll your appointment to a make-up day, **the following Monday or Friday**, with **no penalty**. We'll text you the new date, and billing moves with it.
